Web Hosting

Expert

Work Experience

● Fullstack Development

In my years of experience I developed a series of websites from scratch. Using Html, Css, Javascript and React being the primary languages.

● Website Designer

Redesigned my portfolio website and included a couple of changes and updates to ensure up-to-date.

● Website Hosting / Deploying

I have deployed and hosted 95% of the total websites I have worked on. For businesses, individuals and organizations. Visit my portfolio for samples.
